

I am proud to be me

I am proud to be KPMG

WE ARE KPMG

June 8 - a fine day for the Tuen Ng Festival. Jennifer woke up early that morning excited about getting ready to represent KPMG in the Dragon Boat race in Stanley.

Jennifer joined KPMG China after graduating from the London School of Economics in 2007. She now works in the Financial Risk Management Department, helping multinational clients to perform valuations on financial instruments.

Being a sports lover, Jennifer gets involved in almost every KPMG activity. Since early March, Jennifer attended every single Dragon Boat training and found herself side-by-side with KPMG people of different departments, seniorities, nationalities and backgrounds. They practiced, sweated and laughed together for a single objective – to represent KPMG to do the best in the race.

“We work together” is a big part of The KPMG Way – Jennifer experiences it both in and outside the office, and she loves it. This is how we transform our people into our ambassadors, for them to passionately share The KPMG Way with others.
